

RevenueCyclePro.com Facility Encoder Module Add-on

The RevenueCyclePro.com Facility Encoder Module Add-on brings together all of the information and tools that coders need into a single, streamlined solution. Combined with RevenueCyclePro.com, the Facility Encoder Module presents vital coding information to coders precisely when and where they need it, all within a single code summary screen. Our proven hospital encoder technology integrated with the industry's most comprehensive coding, reimbursement and regulatory reference content, in one seamless product, helps coders achieve accuracy and high productivity.

This stand-alone solution offers coders, concurrent coders, case managers, CDI specialists, consultants, and finance individuals a full, robust encoder tool for coding, abstracting, research and payment validation:

- **Logic and book coding:** Leverages Optum360[®] proven knowledge-based and logic-based encoding for diagnosis and procedure code assignment
 - Logic path history tracks user's logic selections, allows user to unselect single or multiple selections and print a report of logic selections
- **Edits:** Provider-specific inpatient and outpatient medical necessity, MCE, OCE and Optum360 proprietary claim edits for all acute care and critical access hospitals and Ambulatory Surgery Centers
- **Reimbursement:** Dynamic, real-time, hospital-specific MS-DRG and APC grouping and pricing for reimbursement information and payment validation
- **MS-DRG modeling:** Enables complete coding accuracy when documentation supports it
- **Integrated with RevenueCyclePro.com:** Each code is linked to vital references such as AHA Coding Clinics, Code Specific Guidelines, proprietary Optum360 Specialty Articles and Clinical Documentation guidelines, Optum360 CDI content and more at your fingertips
 - "RCP Code Detail" link: current and historical comprehensive code detail, including crosswalks transmittals, IOMs etc. — detail page is based on the discharge date
 - Full access to RevenueCyclePro.com provides additional vital content such as MDC optimizing tips, complete Uniform Billing Editor e-book, inpatient and outpatient hospital compliance checker leveraged from Optum360 Claims Manager

May only be purchased with a new or existing Optum360 RevenueCyclePro.com subscription; multi-user licenses available.
